

How to GROW your business & PROSPER

ACTION WORKSHOP - Steve Clarke of Eureka Sales REVEALED! What the web guys really don't want you to know...

Thursday 18 March 2010 - 9.00 - 12.00 - Colchester Business Centre

Come and discover the seven secrets of truly **successful** web sites and dozens of **on-line marketing strategies** guaranteed to deliver you maximum results... at low cost or even no cost!

And yes... even if your customers are spending less these days... and whatever market you are in.

This is **not about brand awareness**, this is **not "fluffy" marketing**. What we will share will be tried and tested methods of direct response on-line marketing - the kind that gets results...

Here's one of the most important things you need to know - **the workshop will be conducted in plain English, not techie babble complicated computer speak**. This is not a technical training course, this is for business owners that want to boost their sales.

This is one of a series of action workshops designed to enhance your knowledge and provide realistic solutions to problems being faced by business owners and managers in these difficult times. They are run by specialists from each field and offer a great opportunity to find practical ways to grow your business now.
